Morgan & Claypool. Paperback. Book Condition: New. Paperback. 188 pages. Dimensions: 9.2in. x 7.3in. x 0.7in. There are many applications of computer animation and simulation where it is necessary to model virtual crowds of autonomous agents. Some of these applications include site planning, education, entertainment, training, and human factors analysis for building evacuation. Other applications include simulations of scenarios where masses of people gather, flow, and disperse, such as transportation centers, sporting events, and concerts. Most crowd simulations include only basic...
