This book is your definitive resource on the getting started with Woodworking. Since 3000BC Ancient Egyptians have used chesels and saws to make houses, furniture and other ornaments. Mostly because of the industrialised era, streamlined production line factories and mass produced goods, skills such as woodworking have been forgotten in recent times. It sure is a lot easier to just head to the nearest furniture store and buy your prefabricated bookcase that s ready to assemble. Just don t expect to get it at an affordable rate. Quality solid wood furniture is incredibly expensive. This is one of the main reasons why the DIY culture has started coming into play again. Not only can you save an incredible amount of money, but there is also that satisfying feeling of building something with your own two hands. When you are using a spice rack or table that you ve crafted yourself, it just add value to it; it makes you feel good knowing that you have created something of worth. If you are someone with minimal or no woodworking experience, this book is for you. We ll get you started quick. If you re someone who has a little more experience, this book is also for you. We ve got tones of resources in a quick concise and easy to read format to keep you learning for hours. In this book you will learn the following awesome information: The basic fundamental tools you ll need to get started in woodworking...
