Doing the wrong thing when your car develops problems could cost you a lot of money and be a real inconvenience - but what if your car has a water leak, or if you discover oil underneath it? What if a warning light comes on? What could be the cause? Is the car safe to drive, or do I need a breakdown service or a mechanic? How can I get it to a garage safely? This book covers the most common problems that can occur on modern cars. It's easy to follow, written in plain English, and is full of detailed photographs.
