

An Elementary Handbook on Potable Water (Classic Reprint)

Filesize: 4.09 MB

Reviews

This published publication is fantastic. it had been written very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Junius Herman)

AN ELEMENTARY HANDBOOK ON POTABLE WATER (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Elementary Handbook on Potable Water As an analytical and consulting chemist, the author of this handbook is frequently called upon to give information on the subject of water in its relations to disease. Two bulletins from his pen on this subject have already been issued by the Iowa State Board of Health, for the benefit of the public; and from the favor with which they have been received, he has been induced to prepare the present treatise, designed especially for the use of physicians, sanitarians, and chemists. It is hoped that the subject is presented in a sufficiently interesting manner to be worthy of their study, and that the facts are expressed in scientific language capable of being easily understood by every intelligent person. The impurities in drinking-water that are oftenest the cause of disease and death are discussed here. The natural and artificial processes of removing them from water are also given due consideration. But all methods of analysis are avoided, except some of the elementary qualitative tests given in the appendix. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
