SLACK Incorporated, United States, 2015. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book. Are you looking for concise, practical answers to those questions that are often left unanswered by traditional pediatric neurology references? Are you seeking brief, evidence-based advice for complicated cases or controversial decisions? Curbside Consultation in Pediatric Neurology: 49 Clinical Questions provides quick answers to the tricky questions most commonly posed during a curbside consultation between pediatricians. Dr. Daniel Licht and Dr. Nicole R. Ryan have designed this unique reference which offers expert advice, preferences, and opinions on tough clinical questions commonly associated with pediatric neurology. The unique QA format provides quick access to current information related to pediatric neurology with the simplicity of a conversation between two colleagues. Numerous images, diagrams, and references allow readers to browse large amounts of information in an expedited fashion. Some of the questions that are answered:
* Are there any lifestyle changes that can help my child's migraines?
* Can my child die from a seizure?
* When can my child return to school and sports following a concussion?
* How do I distinguish weakness from ataxia?
* What are the most important components of the exam in evaluating a hypotonic baby? Curbside Consultation in Pediatric Neurology: 49 Clinical Questions provides information basic enough for residents while also incorporating expert advice that even high-volume pediatricians will appreciate. Pediatricians, family practitioners, and pediatric residents will benefit from the user-friendly, casual format and the expert advice contained within.
