MIT Press Ltd, United States, 1997. Paperback. Book Condition: New. New edition. 229 x 152 mm. Language: English . Brand New Book. Contextual Media expands upon the theme of social construction of knowledge developed in Edward Barrett s three previous volumes. The thirteen contributions focus on specific applications of multimedia technology to cultural institutions such as museums, universities, and corporate environments; they analyze narrative and other navigational structures in various interactive multimedia systems and make recommendations for the design of future systems based on these analyses; and they present innovative uses of multimedia that break out of the confines of a single terminal to develop interactive transformational environments.Contributors : Colin Beardon, Walter Bender, Edward Brown, Mark H. Chignell, Glorianna Davenport, Ben Davis, Peter S. Donaldson, Larry Friedlander, Geri Gay, Ricki Goldman-Segall, Janet H. Murray, Patrick Purcell, Michael Roy, Niall Sweeney, Laura Teodosio, Suzette Worden.
