When I was growing up I always believed that the legend of King Arthur was something out of a modern day talk show. Think about it, a child from a king who manipulated a woman, who then rises to be king himself and marry a woman who would only cheat on him with his best friend. To make matters worse he would be manipulated into having intercourse with his half-sister and they would have a child of incest. If that doesn't sound like something that would make a great talk show topic then I don't know what does. With the hardest working wizard in talk shows with his trusty troll by his side, The Merlin Show is something good to read if you're looking for a break. A short and sweet piece for you to pick up, laugh and finish to put you in a better mood and enjoy your day. This started out as a project I wrote for a college course but when it ended. I had people coming up to me and asking why I wasn't training to be a comedian. I love to make people laugh and this is something I know you will enjoy. This is the first play I've ever written and to be clear, nothing is to be taken seriously about this play. There are mature themes in this play so I suggest this not be given to children under the age of 12. Again, if you want a great laugh then this short play is for you and please check out my other works. Until the next is written. This item ships from La Vergne, TN. Paperback.
