POTATO MINITUBER PRODUCTION UNDER HYDROPONIC SAND CULTURE

Potato minituber
production under
Hydroponic Sand Culture

LAP Lambert Academic Publishing Apr 2016, 2016. Taschenbuch. Book Condition: Neu. 220x150x4 mm. Neuware - Inadequate supply of good quality seed tubers is a major constraint in potato (*Solanum tuberosum* L.) economic production in developing countries. Tissue culture in conjunction with hydroponics is the main technology has been applied to rapidly multiply potato pre-basic seed tubers (mini-tubers). Isolation and use of sterile growing media are two important factors in production of healthy potato mini-tubers. Select of best growing medium for...

Reviews

A brand new e book with an all new perspective. It can be rally fascinating throgh reading period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Kobe Streich I**

I actually started looking at this publication. It normally is not going to expense a lot of. You are going to like the way the author publish this book.
